Assuming that all the public Shareholders participate upto their entitlement (full Acceptance), then the aggregate shareholding of the Promoters and Promoter Group, post Buyback will increase from 60.85% to 61.21% and the aggregate shareholding of the public in the Company shall decrease from 39.15% to 38.79% of the post Buyback equity share capital of the Company.

The Board of Directors at their meeting on Friday, 27th April, 2018, passed a resolution approving Buyback of Equity Shares of the Company and sought approval of Shareholders, as a special resolution, through the postal ballot notice dated Friday, 27th April, 2018. The results of the postal ballot were announced on Saturday, 2nd June, 2018, which is the date when the special resolution is deemed to have been passed by the Shareholders. Further, the Buyback

Committee has also, at its meeting held on Saturday, 2nd June, 2018, passed various resolutions relating to the Buyback.

8. NECESSITY OF THE BUYBACK

Share buyback is the acquisition by a company of its own shares. The Board is of the view that the proposed Buyback will help the Company to achieve the following objectives: (a) optimizing returns to shareholders; and (b) enhancing overall shareholders value. These objectives will be achieved by returning surplus cash to the members holding Equity Shares through the Buyback process. This may lead to reduction in outstanding Equity Shares, improvement in earnings per Share and enhanced return on invested capital. The Buyback will not in any manner impair the ability of the Company to pursue growth opportunities or meet its cash requirements for business operations. The Board at its meeting held on Friday, 27th April, 2018, considered the accumulated free reserves as well as the cash liquidity reflected in the audited accounts for the financial year ended 31st March, 2017 on a standalone basis post adjustment of Buyback 2017 and considering these, the Board decided to allocate a sum of INR 292,50,00,000 (Indian Rupees Two hundred ninety two crore and fifty lakh only) for returning to the members holding Equity Shares through the Buyback.

After considering several factors and benefits to the members holding Equity Shares, the Board decided to recommend the Buyback of upto 1,50,00,000 (One crore and fifty lakh) fully paid-up Equity Shares (representing 4.82% of the total number of Equity Shares in the paid-up share capital of the Company) at a price of INR 195 (Indian Rupees One hundred and ninety five only) per Equity Share for an aggregate consideration of INR 292,50,00,000 (Indian Rupees Two hundred ninety two crore and fifty lakh only). The Buyback is a more efficient form of returning surplus cash to the members holding Equity Shares, inter-alia, for the following reasons:

- (a) The Buyback will help the Company to return surplus cash to its members holding Equity Shares broadly in proportion to their shareholding, thereby, enhancing the overall return to members.
- (b) Since the Buyback is being implemented through the Tender Offer route as per the Buyback Regulations, 15% of the number of Shares to be bought back by the Company would have to be reserved for the Small Shareholders. The Company believes that this reservation for Small Shareholders would benefit the public shareholders, since a large number of public shareholders would get classified as a "Small Shareholder".
- (c) The Buyback may help in improving return on equity, by reducing in the equity base, thereby leading to long term increase in Shareholders' value.
- (d) The Buyback gives an option to the members holding Equity Shares of the Company, who can either (a) choose to participate and get cash in lieu of Equity Shares to be accepted under the Buyback Offer; or (b) choose to not participate and enjoy a resultant increase in their percentage shareholding, post the Buyback Offer, without any additional investment.
- (e) The Buyback will help to optimize the capital structure.

9. MANAGEMENT DISCUSSION AND ANALYSIS OF THE LIKELY IMPACT OF BUYBACK ON THE COMPANY

- 9.1 The Buyback is not likely to cause any material impact on the profitability or earnings of the Company except a reduction in the treasury income, which the Company could have otherwise earned. Assuming full Acceptance, the funds deployed by the Company towards the Buyback would be INR 292,50,00,000 (Indian Rupees Two hundred ninety two crore and fifty lakh only). This will impact the treasury income earned by the Company, on account of reduced amount of funds available for making investments.
- 9.2 The Buyback is expected to result in overall enhancement of value for Shareholders and will not in any manner impair the ability of the Company to pursue growth opportunities or meet its cash requirements for business operations.

- 9.3 The Promoters and Promoter Group of the Company, the directors of the Promoters (where the promoter is a company) and the persons who are in control of the Company may offer Equity Shares held by them under the Buyback and the percentage of promoter holdings post and pre Buyback may not change significantly.
- 9.4 The Buyback will not result in a change in control or otherwise affect the existing management structure of the Company.
- 9.5 The post Buyback debt-equity ratio of the Company will be less than 2:1, as prescribed by Section 68(2)(d) of the Companies Act, 2013, assuming full Acceptance by the Shareholders.
- 9.6 No shares or other specified securities in the Company were either purchased or sold by the Promoter and Promoter Group (and directors of promoters, where the promoter is a company), during a period of 6 (Six) months preceding the date of the Board Meeting at which the Buyback was approved and from that date till the date of notice of postal ballot for Buyback, being Friday, 27th April, 2018.
- 9.7 In terms of the Buyback Regulations, under the Tender Offer route, the members of the Promoter and the Promoter Group of the Company have the option to participate in the Buyback. In this regard JMNIPL has expressed its intention, vide its letter dated Friday, 27th April, 2018, to participate in the Buyback and tender up to 1,25,00,000 (One crore and twenty five lakh) Equity Shares or such lower number of Shares as required to comply with the Buyback Regulations.
- 9.8 Details of the date and price of acquisition of the Equity Shares that JMNIPL intends to tender are set out below:

05.07.2011	Inter-se Promoter Transfer	35,02,046	121.95	2	Cash
Total		1,25,00,000			

- 9.9 Assuming that all the public Shareholders participate upto their entitlement (full Acceptance), then the aggregate shareholding of the Promoters and Promoter Group, post Buyback will increase from 60.85% to 61.21% and the aggregate shareholding of the public in the Company shall decrease from 39.15% to 38.79% of the post Buyback equity share capital of the Company.
- 9.10 Consequent to the Buyback and based on the number of Equity Shares bought back from the Non-Resident Shareholders, FIIs, FPIs, Indian financial institutions, banks, mutual funds and the public including other bodies corporate, the shareholding pattern of the Company would undergo a change. The FIIs/ FPIs are advised to ensure that their investment in the Company continue to be within the limit prescribed under applicable laws, post completion of the Buyback.
- 9.11 The Company shall not issue any Equity Shares or other specified securities (including by way of bonus) till the date of closure of the Buyback.
- 9.12 The Company shall not raise further capital for a period of 1 (One) year from the closure of Buyback except in discharge of its subsisting obligations.

Reserved Category	103 Equity Shares out of every 508 fully paid-up Equity Shares held on the Record Date
General Category	27 Equity Shares out of every 636 fully paid-up Equity Shares held on the Record Date

Note : The above Ratio of Buyback is approximate and providing indicative buyback entitlement. Any computation of entitled Equity Shares using the above Ratio of Buyback may provide a slightly different number due to rounding off.

19.4 Fractional Entitlements

If the Buyback Entitlement, after applying the abovementioned ratios to the Equity Shares held on Record Date, is not a round number (i.e. not in the multiple of 1 Equity Share) then the fractional entitlement shall be ignored for computation of entitlement to tender Equity Shares in the Buyback Offer, for both categories of Shareholders.

On account of ignoring the fractional entitlement, those Small Shareholders who hold 4 (Four) or less Equity Shares as on Record Date will be dispatched a Tender Form with zero entitlement. Such Small Shareholders are entitled to tender Additional Equity Shares as part of the Buyback Offer and will be given preference in the Acceptance of 1 (One) Equity Share, if such Small Shareholders have tendered for Additional Equity Shares.

19.5 **Basis of Acceptance of Equity Shares validly tendered in the Reserved Category**

Subject to the provisions contained in this Letter of Offer, the Company will accept the Shares tendered in the Buyback Offer by the Small Shareholders in the Reserved Category in the following order of priority:

- (a) Full Acceptance of Shares from Small Shareholders in the Reserved Category who have validly tendered their Shares, to the extent of their Buyback Entitlement, or the number of Shares tendered by them, whichever is less.
- (b) Post the Acceptance as described in paragraph 19.5 (a) above, in case, there are any Shares left to be bought back in the Reserved Category, the Small Shareholders who were entitled to tender zero Shares (on account of ignoring the fractional entitlement), and have tendered Additional Shares, shall be given preference and 1 (One) Equity Share each from the Additional Shares tendered by these Small Shareholders shall be bought back in the Reserved Category.
- (c) Post the Acceptance as described in paragraph 19.5 (a) and (b) above, in case, there are any validly tendered unaccepted Shares in the Reserved Category ("**Reserved Category Additional Shares**") and Shares left to be bought back in Reserved Category, the Reserved Category Additional Shares shall be accepted in a proportionate manner and the Acceptances shall be made in accordance with the Buyback Regulations, i.e. valid Acceptances per Shareholder shall be equal to the Reserved Category Additional Shares tendered by the Shareholder divided by the total Reserved Category Additional Shares and multiplied by the total number of Shares remaining to be bought back in Reserved Category. For the purpose of this calculation, the Reserved Category Additional Shares taken into account for such Small Shareholders, from whom one Equity Share has been accepted in accordance with paragraph 19.5 (b) above, shall be reduced by one.
- (d) Adjustment for fractional results in case of proportionate Acceptance, as described in paragraph 19.5 (c) above, will be made as follows:
 - (i) For any Shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 (One) and the fractional Acceptance is greater than or equal to 0.50, then the fraction would be rounded off to the next higher integer.
 - (ii) For any Shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 (One) and the fractional Acceptance is less than 0.50, then the fraction shall be ignored.

19.6 **Basis of Acceptance of Equity Shares validly tendered in the General Category**

Subject to the provisions contained in this Letter of Offer, the Company will accept the Shares tendered in the Buyback Offer by Shareholders (other than Small Shareholders) in the General Category in the following order of priority:

- (a) Full Acceptance of Shares from Shareholders in the General Category who have validly tendered their Shares, to the extent of their Buyback Entitlement, or the number of Shares tendered by them, whichever is less.
- (b) Post the Acceptance as described in paragraph 19.6 (a) above, in case, there are any validly tendered unaccepted Shares in the General Category ("**General Category Additional Shares**") and Shares left to be bought back in General Category, the General Category Additional Shares shall be accepted in a proportionate manner and the Acceptances shall be made in accordance with the Buyback Regulations, i.e. valid Acceptances per Shareholder shall be equal to the General Category Additional Shares tendered by the Shareholder divided by the total General Category Additional Shares and multiplied by the total number of Shares remaining to be bought back in General Category.

- (c) Adjustment for fractional results in case of proportionate Acceptance, as described in paragraph 19.6 (b) above, will be made as follows:
 - (i) For any Shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional Acceptance is greater than or equal to 0.50, then the fraction would be rounded off to the next higher integer.
 - (ii) For any Shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional Acceptance is less than 0.50, then the fraction shall be ignored.

19.7 **Basis of Acceptance of Shares between the two Categories**

- (a) After Acceptances of tenders, as mentioned in paragraphs 19.5 and 19.6 above, in case, there are any Shares left to be bought back in one category ("**Partially filled Category**"), and there are additional unaccepted validly tendered Shares ("**Further Additional Shares**") in the second Category ("**Over Tendered Category**"), then the Additional Shares in the Further Additional Shares in the Over Tendered Category shall be accepted in a proportionate manner i.e. valid Acceptances per Shareholder from such Additional Shares shall be equal to the Further Additional Shares validly tendered by a Shareholder in the Over Tendered Category divided by the total Further Additional Shares in the Over Tendered Category and multiplied by the total Shares left to be bought back in the Partially filled Category.
- (b) If the Partially Filled Category is the General Category and the Over Tendered Category is the Reserved Category, then any Small Shareholder who has tendered Additional Shares shall be eligible for priority Acceptance of one Equity Shares before Acceptance in paragraph 19.7 (a) above out of the Shares left to be bought back in the Partially Filled Category, provided no acceptance could take place from such Shareholder in accordance with paragraph 19.5(b).
- (c) Adjustment for fraction results in case of proportionate Acceptance, as defined in paragraph 19.7(a) above:
 - (i) For any Shareholder, if the number of Further Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional Acceptance is greater than or equal to 0.50, then the fraction would be rounded off to the next higher integer.
 - (ii) For any Shareholder, if the number of Further Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 (One) and the fractional Acceptance is less than 0.50, then the fraction shall be ignored.
- (d) In case of any practical issues, resulting out of rounding off of Shares or otherwise, the Board or any person(s) authorized by the Board will have the authority to decide such final allocation with respect to such rounding off or any excess of Equity Shares or any shortage of Equity Shares after allocation of Equity Shares as set out in the process described in section 19 (Process and Methodology for the Buyback) .

19.8 For avoidance of doubt, it is clarified that the Shares accepted under the Buyback Offer from each Shareholder, in accordance with paragraph 19.5, 19.6 and 19.7 above, shall be lower of the following:

- (a) the number of Shares tendered by the respective Shareholder, and
- (b) the number of Shares held by the respective Shareholder, as on the Record Date.

- 19.9 For the avoidance of doubt, it is clarified that the Equity Shares tendered by any Shareholder over and above the number of Shares held by such Shareholder as on the Record Date shall not be considered for the purpose of Acceptance in accordance with paragraph 19.5,19.6,19.7,19.8 above.
- 19.10 Post allocation, up to the entitlement of each Shareholder or the number of Shares tendered by each Shareholder, whichever is lower, all over-tendered Shares will be accepted by the Company on a proportionate basis. The ratio computed for over-tendered Equity Shares will be computed separately for the Reserved Category and the General Category.
- 19.11 **Clubbing of Entitlement:** In order to ensure that the same Shareholders with multiple demat accounts/ folios do not receive a higher entitlement under the Small Shareholder category, the Company will club together the Equity Shares held by such Shareholders with a common PAN for determining the category (Small Shareholder or General Category) and entitlement under the Buyback. In case of joint shareholding, the Company will club together the Equity Shares held in cases where the sequence of the PANs of the joint Shareholders is identical. In case of physical Shareholders, where the sequence of PANs is identical and where the PANs of all joint Shareholders are not available, the Company will check the sequence of the names of the joint holders and club together the Equity Shares held in such cases where the sequence of the PANs and name of joint shareholders are identical. The shareholding of institutional investors like mutual funds, pension funds / trusts, insurance companies etc., with a common PAN will not be clubbed together for determining the category and will be considered separately, where these Equity Shares are held for different schemes and have a different demat account nomenclature based on information prepared by the Registrar as per the shareholder records received from the Depositories.

INDIA TAXATION

1) General

- I. The basis of charge of Indian income-tax depends upon the residential status of the taxpayer during a tax year. The Indian tax year runs from April 1 to March 31 of the following year.
- II. A person who is an Indian tax resident is liable to taxation in India on such person's worldwide income.
- III. A person who is a non-resident in India for Indian income-tax purposes is generally subject to tax in India only on such person's India sourced income (including income deemed to be sourced in India) or income received in India (including income deemed to be received in India). Indian-sourced income includes capital gains arising on transfer of Indian securities.
- IV. As per Section 90(2) of the Income Tax Act, the provisions of the Income Tax Act would apply only to the extent they are more beneficial than the provisions of the applicable DTAA, if any, between India and the country of tax residence of the shareholder subject to meeting relevant conditions and providing and maintaining necessary information and documents as prescribed under the Income Tax Act.
- V. Under the Income Tax Act taxability of capital gains arising on buyback of shares depends on factors such as the period of holding of the shares, residential status and category of the shareholder, nature of the income earned, etc. The summary tax implications on buyback of equity shares listed on the stock exchange is set out below. All references to equity shares in this section 21 (Note on Taxation) refer to listed equity shares unless stated otherwise.
- VI. In addition to income tax, as the buyback is being undertaken on the stock exchange, such transaction will be chargeable to Securities Transaction Tax ("STT"). STT is payable in India on the value of securities on every purchase or sale of securities that are listed on the Indian Stock Exchange. Currently, the STT rate applicable on the purchase and sale of shares on the stock exchange is 0.1% of the value of security transacted.

Classification of shares and shareholders

- (i) Based on the provisions of the Income Tax Act, shares can be classified under the following two categories:

- (a) Shares held as investment (Income from transfer taxable under the head "Capital Gains")
 - (b) Shares held as stock-in-trade (Income from transfer taxable under the head "Profits and Gains from Business or Profession")
- (ii) Based on the provisions of the Income Tax Act, shareholders can be classified under the following categories:
- (a) Resident Shareholders being:
 - Individuals, HUF, AOP and BOI
 - Others:
 - Company
 - Other than Company
 - (b) Non Resident Shareholders being:
 - NRIs
 - FIIs/ FPIs
 - Others:
 - Company
 - Other than Company

2) Shares held as investment

- (i) The taxability as per the provisions of the Income Tax Act is discussed below.
 - (a) As per Section 46A of the Income Tax Act, gains (the difference between cost of acquisition and consideration received by the shareholder) arising on buyback of shares are deemed as capital gains in the hands of shareholders
 - (b) Nature of capital gains as per the provisions of the Income Tax Act.

As per the provisions of the Income Tax Act, for the purpose of determining as to whether the capital gains are short-term or long-term in nature:

- Where a capital asset, being listed equity shares of the Company being bought back, is held for a period of less than or equal to 12 months prior to the date of transfer, such asset shall be treated as a short-term capital asset, and the gains arising therefrom shall be taxable as short-term capital gains (STCG).
- Where listed equity shares are held for a period of more than 12 months prior to the date of transfer, such shares shall be treated as a long-term capital asset, and the gains arising therefrom shall be taxable as long-term capital gains (LTCG).

Buyback of shares through a recognized stock exchange

- (i) Where transaction for transfer of such equity shares (i.e. buyback) is entered into through a recognized stock exchange and such transaction is chargeable to STT, the taxability is as under (for all categories of shareholders):

(a) LTCG

If STT has also been paid at the time of acquisition of the shares being bought back, LTCG arising to a shareholder in excess of INR 1,00,000 shall be taxable @ 10% under section 112A of the Income Tax Act. However, for the purpose of computing such capital gains, the cost of acquisition of the shares acquired before 1st February, 2018, shall be the higher of (i) actual cost; and (ii) lower of (a) highest price of such share quoted on the exchange on 31st January, 2018 (b) full value consideration received on transfer, and therefore, effectively the gains arising upto 31st January, 2018, shall be exempt from tax.

However, as per a draft notification issued on 24th April, 2018, an exemption from the requirement of STT being paid at the time of acquisition of shares, is sought to be provided to certain modes of acquisition including acquisition of shares by a non-resident under the FDI policy and acquisition of unlisted shares subsequently listed on the stock exchange. Once such exceptions are notified, if acquisition is made in such specified modes, the rates specified above shall continue to apply, even if no STT was paid at the time of acquisition of the shares.

If STT is not paid at the time of acquisition of the shares being bought back, entire LTCG arising to the shareholder shall be subject to tax @ 10% under Section 112 of the IT Act (or 20% after claiming indexation benefit which is relevant in case of resident shareholders).

(b) STCG arising from such transaction would be subject to tax @ 15% under Section 111A of the Income Tax Act.

- (ii) As per the Income Tax Act, if the tax payable by a company is less than 18.5% of its adjusted book profits, it will be required to pay a Minimum Alternate Tax at the rate of 18.5% of such book profits. The Income Tax Act was amended by the Finance Act, 2015 whereby the income of foreign companies earned in relation to capital gains arising on transactions in securities, interest etc. was excluded from the chargeability of MAT. The ITA was further amended by the Finance Act, 2016 to specifically provide that a foreign company shall not be subject to MAT if the country of residence of the foreign company has entered into a DTAA with India, and such company does not have a permanent establishment in India in terms of the DTAA.

3) Shares held as stock in trade

- (i) If the shares are held as stock-in-trade by any of the Shareholders of the Company, then the gains would be characterized as business income. In such a case, the provisions of Section 46A and Section 48 of the Income Tax Act would not apply.
- (ii) Resident Shareholders
- (a) For individuals, HUF, AOP, BOI, profits would be taxable at slab rates.
- (b) For persons other than individuals, HUF, AOP, BOI profits would be taxable at the rate of 30%. (25% in case of a domestic company having a turnover / gross receipts of less than INR 250,00,00,000 (Indian Rupees Two hundred and fifty crore) in the financial year 2016-17)
- (c) No benefit of indexation by virtue of period of holding would be available in any case.
- (iii) Non Resident Shareholders

- (a) For Non Residents having a taxable presence (permanent establishment or a fixed base as per the applicable DTAA; and in absence of a DTAA, a business connection as per the Income Tax Act) in India to which the gains on buyback are attributable, such gains will be taxable as business income at the rate of 40% in case of foreign companies and 30% in case of other taxpayers (slab rates in case of individuals, HUF, AOP, BOI).
- (b) As per the definition of 'capital assets' under the Income Tax Act, any securities held by an FPI in accordance with the applicable SEBI regulations shall be treated as capital assets. Accordingly, any income arising from transfer of such securities by an FPI would be characterised as 'capital gains'.

4) Tax Deduction at Source

- (i) In case of Resident Shareholders

In absence of any specific provision under the Income Tax Act, the Company shall not deduct tax on the consideration payable to resident shareholders pursuant to the said Buyback.

- (ii) In the case of Non Resident Shareholders

As per the provisions of the Income Tax Act, any payment made to a non-resident which is chargeable to tax in India, is subject to deduction of tax at source (other than capital gains realised by an FPI). However, since the buyback is through the stock exchange, the Company will not be able to withhold any tax and thus, the same may be done by the Shareholder Broker. Any responsibility of discharge of the tax due on the gains (if any) is solely on the non-resident shareholder with no recourse to the Company. In the event, the Company is held liable for the tax liability of the Shareholder, the same shall be to the account of the Shareholder and to that extent the Company is entitled to be indemnified.

The tax rate and other provisions may undergo changes

- (i) The above note on taxation sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the disposal of equity shares.
- (ii) All the above benefits are as per the current tax laws, legislation, its judicial interpretation and the policies of the regulatory authorities are subject to change from time to time, and these may have a bearing on the benefits listed above. Accordingly, any change or amendments in the law or relevant regulations would necessitate a review of the above.
- (iii) Several of these benefits are dependent on the shareholders fulfilling the conditions prescribed under the provisions of the relevant sections under the relevant tax laws.
